

Government College of Engineering, Amravati
Department of Computer Science and Engineering
Class Test-I (S-2019)

Course code: CSU 603

Course Title : Computer Network

Marks: 15

Time: 1 hour

Solve Any Three

- Q. 1. What is the need of topology design? Explain in details.
- Q.2. What is MAC layer? Explain the functions and techniques of MAC layers in details.
- Q.3. Explain the OSI reference model with and neat diagram.
- Q.4. What is the need of protocol architecture? Explain the different types of protocol architecture with an neat diagram.

Government College of Engineering, Amravati
Department of Computer Science and Engineering
Class Test-I (S-2018)

Course code: CSU 603

Course Title : Computer Network

Marks: 15

Time: 1 hour

Solve Any Three

- Q. 1. Explain the OSI reference model with and neat diagram.
- Q. 2. What is MAC layer? Explain the functions and techniques of MAC layers in details.
- Q. 3. Explain the uses of computer network in detail and explain in short network hardware.
- Q. 4. What is the need of protocol architecture? Explain the different types of protocol architecture with an neat diagram.

Government College of Engineering, Amravati
Department of Computer Science and Engineering
Class Test-I (S-17)

Course code: CSU 603

Course Title : Computer Network

Marks: 15

Time: 1 hour

Solve Any Three

- Q. 1. Explain the OSI reference model with and neat diagram.
- Q.2. What is MAC technique? Enlist goals of MAC technique.
- Q.3. What is computer network? Explain the different types of network topology used in networking.
- Q.4. What is the need of protocol architecture? Explain the different types of protocol architecture with an neat diagram
