Government College of Engineering, Amravati
(An Autonomous Institute of Government of Maharashtra)

Course Code-CSU 703(E)   CT-2   Course Name: Artificial Intelligence
Time-1Hr   M.Marks:15

Solve any Three, Each question carries 5 Marks

Q.1. Illustrate the wampum world problem and its solution with example.

Q.2. Write and explain forward chaining algorithm for propositional logic.

Q.3. Write and illustrate the steps for knowledge engineering process.

Q.4. Write and explain OTTER theorem prover algorithm.
